

QUALITY POLICY

It is the policy of **Geoscape Limited** to offer services which conform to the requirement of our client and to deliver them on time and with no defects at maximum efficiency and minimum cost. We are fully committed to achieving a high standard of performance, corporate and environmental excellence required to make this policy a reality.

The responsibility for quality lies with everyone in the company including the Chief Executive Officer, Managers and Staff; however a quality officer/coordinator will be appointed to implement the company's quality program.

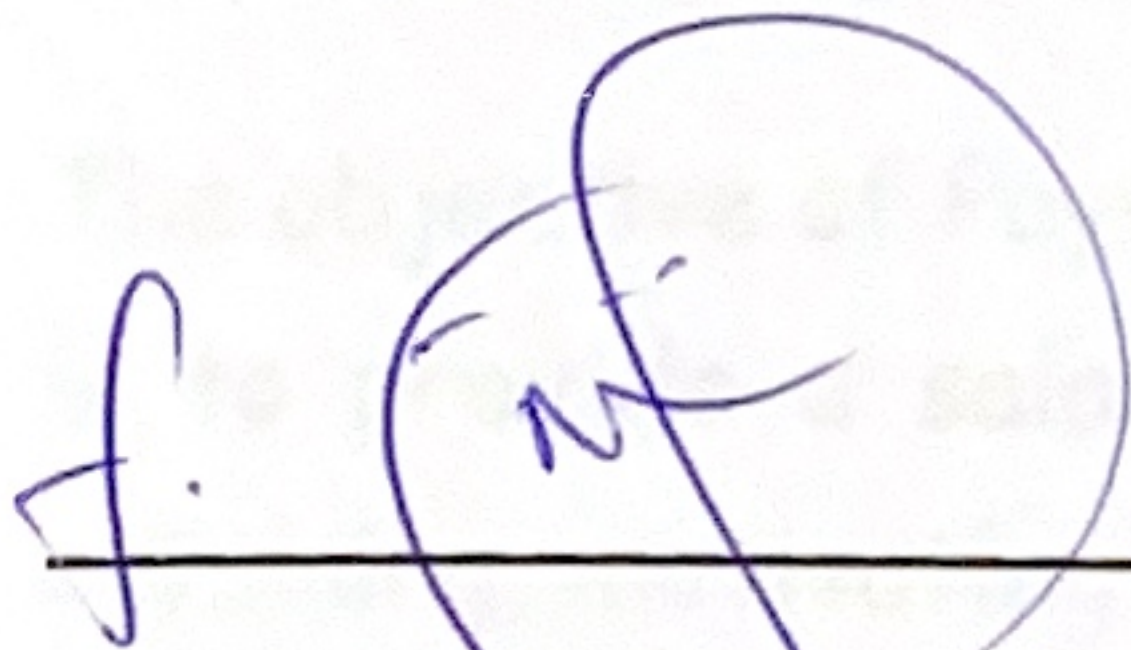

We shall undertake to provide only those services that we can reasonably expect to deliver with professional competence. We shall exercise due professional care in the delivery of each service.

When the client's requirements have been clearly established it is up to every person in the company to ensure that his or her obligations meet the client's requirements and are complete. It is also necessary for each person in the company to verify that the work is completed correctly and verified for correctness prior to delivery.

In the event that a substandard material is bought, and it is proven to be so, the company shall discard the material and provide a new one that meets specifications to the client. Our quality policy shall be communicated to all vendors and service providers to ensure strict adherence.

To give our client that extra assurance, the Quality Coordinator is charged with the duty of managing the quality system. This enables the company to provide a standard of excellence to our clients that go on continuously through documented/implemented procedures and practices.

To this end, the company will implement and maintain a Quality Management System which complies fully with the requirements of ISO 9001
